## Global Glimpses

**ICELAND:** In February, we made the first trip of this term into Iceland. It was both exciting and heavy, as the spiritual atmosphere openly reveals a lack of focus on God. During our ten day trip, we covered approximately forty-one miles in prayer walking, visiting some of the highest vantage points and claiming all that we could see (Genesis 13:14-15). We also located the building site of the Asatru temple and anointed it.—**Mark and Glenda Alphin**

**UGANDA:** God is doing great things in Uganda. Each week, many are being baptized and filled with the Holy Ghost as existing churches are growing and new churches are planted. Over sixty-two churches have been planted and are in revival so far this year. Our Bible college campus is being renovated and classes are in session. Our doctrinal seminars are also producing great results as many are being baptized and coming to the knowledge of truth. Thank you for praying and helping build churches throughout Uganda. It does make a difference!—**Philip and Twyla Tolstad**

**SPAIN:** It's an exciting time in Spain as God is continuing to pour out revival. We have seen the Lord continue to fill people with the Holy Ghost every week throughout our churches. God is doing a mighty work throughout Spain and Europe. During this past Easter weekend, we saw the Lord do many mighty miracles in our church in Barcelona as over twenty testified of healing, including a three year old girl who was completely deaf in one of her ears who received her miracle.

We were also excited to celebrate with the graduating class of 2016-2017 from our Bible school in Madrid. We are continuing to work to train more pastors and leaders for the harvest. Please continue to pray for continued revival throughout Spain.—**Nathan and Tanya Harrod**

**UNITED KINGDOM:** It was a privilege to visit three different cities in Cyprus and conduct a prayer walk in each. The weekend culminated with a wonderful service where there were fourteen reported healings and one person was baptized in the Mediterranean Sea. Please pray for **Missionary Summers** and family to have a continued breakthrough in Cyprus.

It is wonderful to see Europeans being trained in this type of ministry as various cultures, ages and backgrounds join together for prayer evangelism in this region.—**Robert and Jerolyn Kelley**

**PHILIPPINES:** Every aspect of the annual General Conference of the UPCI Philippines was phenomenal! From the worship leaders directing the music and singing... the Word delivered every service by incredibly anointed ministers... many miracles and healings. Over 240 received their personal gift of salvation which was God ordained! One man was wheelchair bound for over three years and walked out healed, leaving his chair at the altar. Another man traveled from Qatar to meet Jesus for the first time and he met Him! It's exciting to see that revival is here now!—**Jim and Latitia Robertson**

### Projects of the Month:

#### Arabic Literature Translation

Literature is an important part of any missionary work. Many times literature must be translated for use in the region that a missionary is in. The Gulf States are needing \$5,000.00 for literature to be translated so that it can be used in the Middle East region.

To donate to this project, please reference project number **GMGP.226.2304**.

#### El Salvador Bible School Furnishings

The Bible schools in El Salvador have a few things but still need \$2,500.00 for bunk beds, as well as \$3,500.00 for computer equipment and \$2,500.00 for fans in the dormitories. These furnishings and equipment will be a big blessing to the students who will become pastors and leaders in the work in the future.

To donate to this project, please reference project number **GMGP.3080.2204**.

Please send your donations to:
