General Conference 2012 Theme - RANSOM

Ran-som [ran-suhm]

noun

1. the redemption of a prisoner, slave, or kidnapped person, of captured goods, etc., for a price.
2. the sum or price paid or demanded.
3. a means of deliverance or rescue from punishment for sin, especially the payment of a redemptive fine.

1 Timothy 2:6 – "Who gave himself a RANSOM for ALL, to be testified in due time."

Our purpose, existence and work of the United Pentecostal Church International is to reach the whole world with the whole gospel. This is why this great church was formed and still works today – souls.

When we add up the funds that have come into Global Missions and divide it by the number of souls that have repented, been baptized in

Jesus' name and been filled with the Holy Ghost, it comes out to a meager price of \$300 per soul overseas. In the economy of this entire world, there is no cheaper price to be paid for eternity with God.

For the cost of an iPod, an iPad, a suit, a dress, a purse, shoes, a phone, a plane ticket, a hotel room, etc., you can be responsible for saving a soul from hell.

The funds that will be raised in the Global Missions service at General Conference will go to all six regions of the world to reach the now over seven billion souls in every quarter of this vast planet earth.

To reach—

- Asia's 4,140,336,501 souls
- Africa's 1,032,532,974 souls
- Europe's 739,165,030 souls

- South America's 387,489,196 souls
- Pacific's 36,102,071 souls
- Central America's 186,297,340 souls

The money you give will reach souls by evangelism, Bible school training, seminars, crusades, literature and the planting of new churches and works worldwide. You can be a part of this great cause in a very simple way of giving \$300 for each soul you would like to responsible for making it into eternity with God.

How many souls are you willing to be responsible today? How many souls do you want to say I helped to make heaven their eternity? Will you help us by giving to this great cause and be a part of the souls that will be reached in this next year?
