## GARY & SHARON ABERNATHY

Since 1981 the Abernathys have been a part of teaching and training African nationals in Malawi and South Africa and in Zambia since 1998. They are both involved in leadership training of pastors and their wives, and they are instructors at Word Aflame Bible College. The work in Zambia has doubled during the Abernathys' tenure. When returning to the field after deputation, they will continue working with the awesome team of national leaders as the church moves forward in their new roles of leadership in a nationalized work.
