

Global Missions Service

Date: _____

Crystal Reece Tonga

Crystal received her missionary appointment to the Kingdom of Tonga in 2010. She has worked as the Acts II Bible Institute Administrator and primary teacher for nine years, and five and a half years on the associate in missions program previous to her missionary appointment. Since her appointment she has been the school's principal along with her ministerial and missionary duties within the general UPC of Tonga church. She has successfully established a ladies' conference and a mens' conference within the country. Crystal plays an active role in leadership training seminars for the UPC of Tonga. She pastored one of the village churches for two years and continues to preach and teach throughout the Kingdom. With the school opening two branches in the outer islands, Crystal's ministry reaches several islands. When returning to the field Crystal has a desire to see more churches added throughout the Kingdom and one of which she may pioneer and pastor while continuing her ministry to the school and church.
