Ed and Naomi Hosmer Japan

While on active duty with the United States Air Force in Japan, Ed Hosmer and his wife Naomi were under Paul Dennis's ministry. Due to an overwhelming burden to reach the Japanese people with the gospel and a specific calling on their lives to evangelize Japan, Bro. Hosmer sacrificed a promising law enforcement career and separated from the military. They pursued their calling by serving in the Associates In Missions program for eight years and currently pastor one of the fastest growing UPC churches in Japan. The Hosmers received their appointment as UPCI missionaries to Japan in 2002. They have created a bilingual discipleship program which is very effective in training saints, national leaders and ministers. In 2010 they launched a Purpose Institute campus in Uruma city. Currently this campus has twenty-one students and is starting their fourth semester. In the last two years, ten small groups have been started throughout different locations on the Island of Okinawa.
