Global Glimpses

ICELAND: In January 2013, God began speaking to us about helping Him touch people in Iceland. In September 2014, Global Missions added that country to our area of responsibility. Our goal is to begin raising PIM's for that field; all PIM's pledged to Iceland account #4145 will be used solely for ministry there. Also, raising PIM's now will help shorten our time on deputation. We ask for your prayers as we begin the process of planning for the future of a country that has no known voice of truth! – **Mark and Glenda Alphin**

CHILE: Let me introduce you to **Brother Leyton Quesada**. Brother Leyton came to Chile from Colombia several years ago. A while back, this young man and his wife felt the burden to go to a part of Santiago called Macúl. This area is known throughout the city for its drug trafficking, prostitution and

other crime. Knowing this, they went anyway. During services there, their car has been vandalized. They have been heckled and ridiculed. The neighbors have sprayed them with water, but none of this has discouraged them. The lady pictured above is one of their converts. People have been delivered from

drug addiction, homosexuality and several have been healed. Leyton and his wife are examples of what God can do through willing vessels that are yielded to His Spirit!—**Dan and Debbie Barkley**

PARAGUAY: The ladies of Paraguay held their annual retreat in the third quarter of 2014. **Sister Kathy Crossley**, the wife our regional director, was the guest speaker. Sister Crossley did a wonderful job ministering the Word of the Lord to the ladies of Paraguay. It was reported that God moved in a special way. We are grateful for Sister Crossley coming and being used by God to bless the ladies of Paraguay! – **Joey and Cristina Bir**

FRANCE: Since hosting a group of young intercessors from **Mission Point Church of Saint John, NB**, last summer, prayer walks and prayer drives have continued each week in and around Châtellerault with amazing results. We have had trained Apostolic help move in from other parts of France. We have had an increase in church attendance. We've also made new contacts and have had several new home Bible studies. God is impacting these new attendees, and the local church has also been impacted in a very positive way. Please keep the work in Châtellerault in your prayers. Planting this church in the west of provincial France has been no small challenge!—**Paul and Darla Brochu**

PAPUA NEW GUINEA: My wife and I, along with National Secretary **Brother Digi**, were privileged to go to Alotau, Milne Bay, which is southeast of Papua New Guinea. It was our first time

to visit this beautiful area. We were invited by Sister Phoebe who is from there but lives in Darwin, Australia, to come to her village to preach the Word to her family and friends. We had a wonderful time and the people were open to hearing God's Word. The last night we were there we got a call in the early hours of the morning that a group of people were walking down to town (about 10kms) and wanted to be baptized! We thank the Lord for hungry hearts and the willingness to obey God's Word. A total of ten were baptized. We thank God for opening up new areas for the gospel!—**Richard and Andrea Carver**

PHILIPPINES: We are so very thankful for the strong support you have continually given to our work here at ACTS Bible School. Teamwork is always necessary when the job is bigger than one person. It requires everyone to be doing their part. That is what you do so faithfully every month.

Pictured above is the Administrative Committee, Vice President-John Wolfram, President-David Flowers, and Academic Dean-Carlos Go, with the 2014 ACTS graduates of both the full-time school and the night school. The photo was taken as they are standing in front of the main entrance to the ACTS Chapel, where the graduation exercises were held. Some of these students have already completed degrees in various other fields of study before they came to Bible school. Most of them are ministering as pastors, teachers, evangelists, and so forth. Please pray for these students who are now entering into the work of God.— **David and Donna Flowers**
