## GLOBAL GLIMPSSES

**BELIZE** - The Oklahoma Apostolic Man team came and did an incredible job transforming the old church in San Felipe Village to a Bible school.

We now have three classrooms, a board room and a dorm! They came into an empty building and in just a few days

framed, wired, hung drywall and built us a very functional Bible school. This will be used as a Bible school, a training center and board meeting place. What a blessing this team has been to Belize. | *Dwayne and Linda Abernathy*

**CZECH REPUBLIC** - Pray for Ostrava! We visited recently and spent the evening ministering to a group of believers. We know God is working in this community and are excited to see what the future holds. There is a great hunger for God sweeping across Eastern Europe and we continue to pray that strongholds would be broken and God's will would be done in the

Czech Republic and beyond. | *Matthew and Angie Buckland*

**SCOTLAND** - Summer has turned to autumn and a new season has begun. So, it is for the forty-six students who are enrolled in Harvest Bible College, both part time and full time. We have students from Scotland, Ireland, England, the Isle of Man, France and the USA. We praise God for these people who are dedicating themselves to study and learn so that they can become effective harvesters in God's Kingdom. | *Robert and Jerolyn Kelley*

**GREECE** - How amazing it was to worship with young people from over twenty-seven different nations! For the first time the Europe Middle-East region had their own Youth Congress in Kiev, Ukraine. The power of God moved in incredible ways. People were filled, healed, and transformed. We were so honored to be a part of such a historical gathering. It was a delight to take our young people from Greece to experience this life changing event. This is the generation that seeks Him! A generation *Global Glimpses continued on page 2.*

who is ready to raise their white flags of victory, to take up their cross, to have victory over the giant and to see miracles everywhere they go. | *Joshua and Christene Moreno*

**URUGUAY** - In the first week of July we took a trip to the north western region of Uruguay with our three AIMers. We had four services in four nights and each of the AIMers preached. We had a tremendous week filled with dynamic services, powerful preaching, many breakthroughs, and quality time spent with the pastoral families

of our churches in Nuevo Berlin, Paysandú, Villa Constutición, and Salto. We are thankful for our

AIMers, Alex, Andres, and Gus for the great impact they've had both in our city and the National work. | *Jacob and Mandy Palma*

**MADAGASCAR** - We were blessed to have an awesome Youth On Missions team, led by Pastor Mark Hattabaugh, during the

"Rejoice in the Holy Ghost" crusade. After three days of power-packed services and a peak attendance around 15,000, there was a total of 1,197 people filled with the Holy Ghost! Many testified of healing, with multiple miraculous healings confirmed over the following weeks. God is doing great things for all who will seek after Him! | *Chris and Paula Richardson*

## PROJECTS OF THE MONTH

### Bolivia Resources

There is a great need for printed materials on leadership, ethics and personal development for our ministers in the country of Bolivia. This project can be completely funded for \$2,500.00. This project will provide a packet of ministerial help to each of our ministers. Please reference project number: GMGP .6015.2603

### Costa Rica Furnishings

Bible school extensions have been started in Costa Rica. There has been an outstanding response and there is a need for tables and chairs for the students. There are seven extensions and a \$3,500.00 offering will go far in making the classrooms much better. Please reference project number: GMGP .3055.2204
