

Focal Points

November 2020

Monthly Project Highlights

1 -NEW ZEALAND DISTANCE LEARNING

\$9,000

We firmly believe that the Bible school is the best way to bring about revival in New Zealand, due to its ability to train and equip so many. One of the challenges that we face is that our churches are spread out, and without a physical location with housing, it is impossible for the students to attend one location. With the proper equipment we can conduct distance learning via the computer.

Project #: GMGP.5100.2201.

2 -ARGENTINA CHURCH ROOF

\$2,000

A church in Argentina is in need of a new roof and does not have funds to complete the construction. The new roof will cost \$2,000.00 and donations of any size will help complete this project.

Project #: GMGP.6010.2102.

Peru

Pastor Levi Reyes and his family were in a terrible car accident. It appeared that his wife would possibly be blind in both eyes due to the injuries she sustained. On Saturday, the doctor told them he would need to remove her eye the following Monday. She was prayed for the next day. When she returned for the procedure, the doctor discovered there was no need to follow through. God had miraculously healed both of her eyes.

Nigeria

Since lockdown began in March, and in just six states of reports, we have had 150 baptisms and over seventy filled with the Holy Ghost. There is continued persecution of Christians in our nation. There is still a need for humanitarian assistance in our nation due to job losses and church shut downs.

Lebanon

On July 26, eleven souls were water baptized in Beirut, and seven received the Holy Ghost. The ladies that were baptized are from Madagascar, and they were in contact with a Madagascan woman in the UPC of Hong Kong. She gave them online Bible studies and even prayed online. Seven of them received the Holy Ghost. The church in Hong Kong contacted our pastor in Beirut and now these ladies are attending our church there.
