## Global Glimpses

**SCOTLAND:** We thank God for the twenty-one enrolled in the part time course of Harvest Bible College, some on site and some taking classes via Skype. Our full time enrolment has greatly increased this year with seventeen first year students and six students who are part of the newly formed second year program in partnership with Urshan College.—**Robert and Jerolyn Kelley**

**NIGERIA:** Nigeria is buzzing with excitement and plenty of work! General Conference and Lagos State Convention have brought us great results. Our new Bible school has just completed term two and onward to term three. We are expecting to have up to twenty-five students added. With so much going on, we are excited to say that this truth is marching on in Nigeria because souls are hungry for this truth!—**Steve and Yvette Phelps**

**GREAT BRITAIN:** During our general conference in Llandudno, Wales, UPCI General Superintendent **David Bernard** was our guest speaker. Tremendous ministry took place as saints from England, Wales, Scotland and Ireland all gathered together. Nineteen were filled with the Holy Ghost for the first time with many healings took place.—**Joe and Fanny Cooney**

**GHANA:** Children's ministry is moving forward! Recently, three teacher training programs took place in various regions. During this year's annual Children's Day program, twenty-nine children were baptized and seventeen

received the gift of the Holy Ghost. Seventeen more children received the Holy Ghost in children's services running simultaneously at Youth Camp—**Nick and Pam Sisco**

**BELGIUM:** The Rock Church Aalst hosted the annual Benelux Conference. This conference joins together churches from Belgium and The Netherlands for a time of renewal and revival. During the last service, the church was packed with an attendance of about 150 people. Our local ministers preached during the three services and God moved in a mighty way. Many people were blessed, renewed and healed. Two People were filled with the Holy Ghost. We are thankful for the unity we feel in our churches around the nation.—**Fillipo and Brenda Ciulla**

**ARGENTINA:** In 2016, Argentina was blessed to hold its first National Prayer Conference. There was a peak attendance of about 500 people that came to the conference, but throughout the country those that could not make it to Buenos Aires held prayer meetings in their churches. **Brother George Craft**, international teacher, was our guest speaker and did a tremendous job in teaching and leading in prayer. There were several reported miracles that took place, including a young lady that was healed of cancer, a man on his death bed that was healed. It was a great time and a wonderful move of God. Plans are already being made for the next prayer conference!—**Michael and Miriam Sponsler**

### Project of the Month NEXT STEPS PROGRAM

Each summer dozens of potential missionaries gather together for eight weeks of involvement on the mission field. Three weeks of fulltime training leads into five weeks of hands-on practical and cross-cultural experience. We desperately need assistance with supplementing the overall cost of this program: paying for costs like housing and feeding the instructors for the program and many other incidentals. An offering of \$100.00 could support this vital program for a day.

The 2017 Next Step program will be to Scotland. Additionally, funds are needed for the general promotion of the AIM (Associates In Missions) program. Your assistance will go a long way in facilitating those AIMing to reach their world.
