Global Glimpses

NEW ZEALAND: The Addingtons were appointed as missionaries to New Zealand in 1984. Now, thirty-three years later, we are still “Moving Forward” and “going up to the high places” while we prepare for a more excellent future. We are rejoicing in God’s blessings through the years. A recent conference was aptly themed MOVING FORWARD and according to most it was the best conference yet! To God be the Glory!— **Robert and Judy Addington**

FRANCE: The month of November marked three months since we began having “public” services downtown in a hotel conference room. In that time we have had five local visitors, and the church in Beausoleil has made the short trip to be with us twice. With their help our attendance was boosted up to twenty-five persons. It was very exciting to see the room full. What will God do next?—**Marcus and Renee Brainos**

CUBA: Forty-four received the baptism of the Holy Ghost in the recent National Convention. Nine were to be baptized and miracles were reported. Missionaries **Brother And Sister Gary Landaw** and **Brother and Sister Monte Showalter** ministered beautifully in the National Convention. The Landaws were especially thankful to return to the land that they had worked in many years earlier. They received special recognition and were honored by the church. Four Trinitarian pastors, along with three others, were baptized in Jesus’ name this past week by **Bishop Dolbert Clarke**, while he and his wife ministered on the eastern side of Cuba. One pastor had received a

revelation of the name and had been baptizing other people in Jesus’ name for nine years but had never been baptized in Jesus’ name himself until last week!— **Scott and Linda Guinn**

SOUTH AMERICA: Chile celebrated it’s 50th Anniversary in conjunction with the South American Conference. What a time of rejoicing with 2,000+ attending! Founding missionaries Dotson arrived in 1964. It was a great honor to have Missionary **Roy and Bev Well** with us for this Jubilee. Thirty delegates and missionaries from across South America joined us. Each anointed message renewed passion, burden and vision for South America. Leaders spontaneously gathered around the flags representing their countries with intercessory prayer.—**Darry and Kathy Crossley**

GUAM: In August, One Church ~ Guam began conducting monthly services at the Hyatt. At this writing, a dozen-plus have been first-time visitors to One Church. Thank you for your prayers for this new church plant pictured below!— **David and Kelley Dibble**

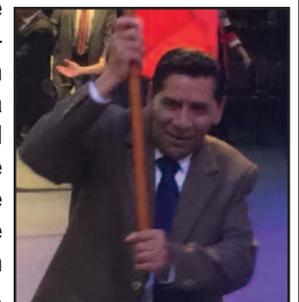

COLOMBIA: One Saturday we received a check from a Sunday School class in Kentucky. This was designated

as a love offering to purchase musical instruments. The very next morning, Pastor Parménides mentioned to us his young son was making fantastic grades in music class, and his greatest desire was to have a saxophone to play in church. His son had written his desire on a small piece of paper and hung it on his bedroom wall, praying each day that the Lord would work a miracle! You can only imagine the joy of Pastor Parménides and his son with the victory of an answered prayer!—**John and Vonda Guidry**

PERU: We have a blessed report concerning the leadership in the UPC of Peru. We had the national elections in August and a new board and president were elected. The brother in the picture is **Juan Cochaches**, the new president, UPCP.—**Eugene and Sherri Dominguez**

Projects of the Month

KENYA CHURCH BUILDING

A city in Kenya bulldozed one of our church buildings by mistake. The city apologized and the court said the city was liable and would be required to compensate the congregation. Compensation has not happened and mostly likely never will.

The pastor of this church is the national youth secretary and the dean of students at our Bible college. This congregation has worked hard to raise money for the replacement of a building. They found an existing building to purchase for \$49,500 USD. The congregation has been able to raise \$22,000 towards the purchase of this building.

To donate to this project please reference **project number: GMGP.1135.2107.**

Children's Literature Printing

There is a need to print children's literature in the Middle East. Children's evangelism would be greatly enhanced by being able to provide literature to children in the in the Middle East region.

To donate to this project please reference **project number: GMGP.4240.2303.**
