Global Glimpses

CHILE: Brother **Gustavo Guzmán** recently assumed the pastorate of this church, located in the extreme north of Chile. This part of the country is in the Atacama Desert, which is the driest place on earth. Not only is the climate dry, but it has also been very dry spiritually. However, thanks be to God, we have been seeing a breakthrough. In the last several weeks, there have been several people baptized and several have received the Holy Ghost.—**Dan and Debbie Barkley**

GHANA: It was a privilege to travel to Benin with the **Bensons** and teach in the Bible school, at a ladies conference and during the Sunday service. Sunday, five received the baptism of the Holy Spirit and fifteen testified of healing. I give God praise that I was able to teach all the sessions in French even though my studies are still ongoing. The lady with the red hat in the picture above is a miracle. She was in a bad accident and broke both legs. Prayers were made

and she walked unassisted and danced with praise during the service! To God be the glory!—**Colleen Carter**

CZECH REPUBLIC: We are excited to announce the official launch of our Bible school in the Czech Republic. Our classes are held in Prague one weekend each month and we are expecting great things from this group of students. Special thanks to fellow missionaries who have helped teach classes.—**Matthew and Angie Buckland**

UNITED KINGDOM: We returned to Liverpool to find a church seeking Jesus and the lost. Our hearts are overwhelmed with appreciation for **Matthew and Deandra Hemus** and **Patrick and Jodie Hemus** and the ACOL Leadership. Without these people and their commitment and desire, we could not have had so much peace as we travelled. Thank you for the time, effort and sacrifice you have made since last year! We are abundantly blessed to have this leadership and to serve this body. And to top it all off, several have been baptized and filled with the Holy Ghost since our return! We look forward to this term and thank God for a speedy deputation.—**John and Sherri Hemus**

AUSTRIA: September began with a special Ladies Day at the Church of Acts, Vienna. What a joy to have **Sister Jerolyn Kelley** (below) from Scotland as our guest speaker. The Spirit of God ministered to each one! We praise God for four visitors. Doors of opportunity are opening in Salzburg and Innsbruck due to the combined efforts of multicultural ministries leader, **Brother Naki**, and missionaries, **Brother Hulsman** and **Brother Sayers**, through Apostolic Ministerial Training Center.—**James and Harmony Pace**

(Continued on page 2.)

URUGUAY: Thanks be to God, we are starting to see an increase in attendance in our Sunday services! We have also started a new cell group with a family in a neighborhood to which we had previously never been. We continue to pray and work, knowing that God has much more in store for the city of San José de Mayo.—**Jacob and Mandy Palma**

SIERRA LEONE: A new semester of Bible school has begun. Twenty five students are enrolled between both our Freetown and Daru extension. The future is in training and discipling men and women in Apostolic doctrine to reach this nation!—**Rusty and Adriane Riddick**

Projects of the Month

Venezuela Medicine

There is an urgent need to help our pastors and their families in Venezuela who are unable to obtain essential medicines and living items. \$5,000.00 will make a big difference for these families who are struggling in chaotic conditions but continue ministering the gospel in Venezuela **The project number for this project is: GMGP.6055.2701**

Mountain Evangelism

Mountain evangelism in very remote parts of Nepal can take several days of arduous walking to reach. Mountain evangelism includes bringing gospel literature about the New Birth, Salvation, the Oneness of God and Apostolic principles. \$2,000.00 will assist these ministers in reaching these remote locations with the gospel. **The project number for this project is: GMGP.2095.2501**

If you would like to support these projects, please send your donation to:
