Global Glimpses

BRAZIL: Last year, we hosted an Apostolic Youth Corps (AYC) trip which resulted in over forty-four receiving the Holy Ghost for the first time we attended several conferences including the South American Conference that was hosted in Bolivia, and have taught in our local Bible school.

We have continued holding services in the center of the city at our new church plant, and one of our faithful families asked if they could host a service in their home in the northern zone of the city. We were thrilled that over forty people arrived for that service with over half of them being first-time visitors!—**Aaron and Tiffany Anderson**

GUINEA: In August of 2019, we were excited to establish contact with a truth preaching group in Kamsar, a key mining town in the north of Guinea. This was a group that moved to Guinea from Ivory Coast for business reasons. They were heavily involved in the UPC before their move to Guinea. They started a house church, converted a Trinitarian pastor, and were faithfully awaiting the day they would reconnect with the UPC again. On our visit in August, two were filled with the Holy Ghost and six were baptized in Jesus' name. On a later visit, one more was also baptized. We give God all the praise!—**Logan and Hannah Blackmon**

PORTUGAL: In April of last year we celebrated our three year anniversary of planting the church in Portimão. Using the English Outreach method as well as home visits and Bible studies, we have seen God move in so many mighty ways. We have baptized a total of twenty-one since our launch and seen eighteen receive the baptism of the Holy Ghost; of which three were baptized. I am so proud of what we were able to accomplish this month as we started our first leadership training classes and outreach team. I look forward to being able to teach our new converts the liberating truths of holy Christian living and disciple making. What a great milestone as far as growth is concerned. Please continue to pray for revival in this city.—**Trecina Anderson**

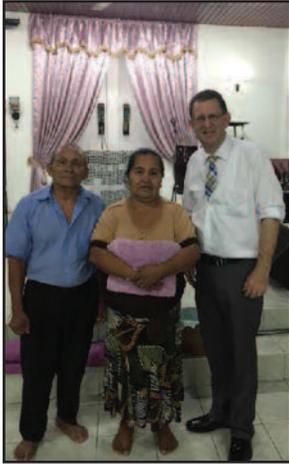

FINLAND: For the first time, the United Pentecostal Church of the Nordic Countries was able to hold its General Conference in Finland. What an amazing conference it was with a very good attendance and very great anointing. It was a tremendous time of challenge, inspiration and fellowship. We thank God for the eight souls that were filled with the Spirit during the conference.—**Robert and Jerolyn Kelley**

SENEGAL: We were blessed to participate in our bi-annual Global French Summit. Church leaders and missionaries from throughout the French-speaking world gathered in Lomé, Togo, to be challenged and encouraged! We are getting the job done as we labor together!—**Craig and Lyna Sully**

EUROPE/MIDDLE EAST REGION: As the UPC of Great Britain and Ireland celebrated fifty years, there was a powerful move of God! There were over 1,200 in attendance, which broke all previous records. There were a number of guest speakers, along with the superintendent, Brother Leroy Francis, who blessed the conference with anointed preaching. There were many guests, including a great AYC group. Souls were filled with the Holy Ghost and baptized in Jesus' name!—**Michael and Dianna Tuttle**

(Continued on page 2.)

GUYANA: We thank the Lord Jesus for helping us see the work of God expand here in Guyana. Above to the left is Pastor and Sister Hernandez. I was privileged to baptize them both in Jesus' name, after they received the revelation of the necessity to be re-baptized and join with us! Below is a new place where ten have recently been baptized. We are praying that this turns into a new preaching point. Above right is the latest church plant in Guyana, we are praying for a nicer, bigger building since they are already outgrowing this one!—**Steve and Cheri Smith**

Projects of the Month

Costa Rica Church Roof

The local church and the national work have invested several thousand dollars in a church building but are in need of \$4,000.00 to finish the roof before the rainy season begins. **The project number for this project is: GMGP.3055.2102**

Bulgaria Church Construction

A new church building in Bulgaria is in need of \$5,000.00 to finish refacing existing walls with sheetrock. The picture below shows the concrete floor poured and the walls ready for finishing. **The project number for this project is: GMGP.4055.2102**
