## GLOBAL GLIMPSSES

**PARAGUAY - Brother and Sister Scotty Slaydon**, along with their daughter **Abigail**, were our special guests at our national conference. We had around 600 in attendance on Saturday night. Brother Slaydon did a tremendous job preaching. Sister Slaydon ministered to the ladies at the ladies' service. We had thirty receive the Holy Ghost and four baptized. Two ministers were ordained and one received his general license and six were given their deacon's license. **Brother Ever Gomez** was elected as our new president of the work in Paraguay. **Brother Jorge Muñoz** was elected as the new national secretary. We are very thankful for the service of **Brother Gregorio Chaparro** who served eight years as our national secretary and nine years as a board member.—**Joey and Cristina Bir**

**NEW ZEALAND** - It has been said that revolutions happen in an atmosphere of rising expectations. Truly our expectations have been on the rise here in New Zealand. It began with a small group of saints praying every Monday night. In those meetings, the Spirit of God began to move, people lingered longer than the allotted time, the news spread and the prayer meeting grew. It went from about ten to as many

as forty praying every Monday. That has affected our Sunday services to the point that we simply expect visitors to be present, for tears to flow and for change to take place. This past Sunday we had three first time visitors, including a gentleman from Tonga who simply walked in and had not been invited before. There is much to be done in this city of 200,000 souls and in this nation of nearly five million. Yet we believe and expect that this rising tide of the Spirit will impact this nation. Thank you for joining with us in prayer and support.—**Brandon and Mollie Borders**

**HAITI** - On December 7, 2017, we dedicated our Children's Home to the Lord. **Brother and Sister Brown**, superintendent of Tennessee, and our regional director, **Brother and Sister Schwarz**, were with us. We opened our doors with nine children and since then we have increased to fourteen. We are thankful for the opportunity to make a difference in the lives of these children. On their first day, they each receive a Bible...and it is our desire that they continue to grow in His Word.—**Ron and Terry Brian**
