Global Glimpses

BULGARIA: The Europe/Middle East regional prayer trip to the target capital city of Sofia, Bulgaria, was incredible. We appreciate our EME Prayer Coordinator, **Sister Jerolyn Kelley**, along with **Brother Kelley** and **Brother and Sister Michael Patterson**, organizing this trip. We are grateful to all of the prayer warriors and intercessors near and far. The team focused on the past, the present and the future of Sofia. Thank you for your continued prayers for a strong work to be established in Sofia.—**Mike and Dianne Tuttle**

URUGUAY: We recently had the privilege of attending the RELCO and Spanish Summit meetings, in which delegates from South America, Central America, the Caribbean and Spain, represented the United Pentecostal Church of their respective countries. The meetings were blessed with the ministry of **Brother and Sister Terry and Melani Shock**, general director of Global Missions, **Brother Bruce Howell**, and general superintendent of the UPCI, **Dr. David K. Bernard**. The meetings ended in the sweet presence of God while sharing the Lord's Supper. It was a beautiful portrayal of Revelation 7:9, as people from "all nations, and kindreds, and people, and tongues, stood before the throne." We

are truly blessed to part of such a wonderful organization!—**Jacob and Mandy Palma**

PAKISTAN: We recently returned to Pakistan for the annual General Conference held in Lahore, and are thrilled to report that it was a wonderful time of blessing with a great spirit of unity in every session. **Brother Elias Limones** from Pittsburg, California, was our guest speaker. **Brother Donald Hanscom**, former missionary to Pakistan, preached the New Life Theological Seminary Graduation, where we had oncampus graduates as well as Correspondence School graduates from all over Pakistan. Regional Director **Lynden Shalm** spoke at the ordination, where eight men were ordained into the ministry. **Brother Timothy Pickard** from Toronto, Ontario, taught in the morning sessions. All of these men and their unique ministries were a tremendous blessing to the church in Pakistan. Nineteen people received the Holy Ghost and many claimed healing during the evening evangelistic meetings. We are so thankful for the progress that is being made in the United Pentecostal Church in Pakistan under the leadership of **Bishop Khalid Pervaiz**.—**Allan and Georgene Shalm**

Projects of the Month:

Arabic Literature Translation

Literature is an important part of any missionary work. Many times literature must be translated for use in the region that a missionary is in. The Gulf States are needing \$5,000.00 for literature to be translated so that it can be used in the Middle East region.

To donate to this project, please reference project number **GMGP.226.2304**.

Turks and Caicos Evangelism

Evangelism efforts are underway in Turks and Caicos. These efforts include passing out tracts as a main focus for evangelism. There is a need for the production and printing of tracts to pass out and \$2,000.00 is needed to accomplish production.

To donate to this project, please reference project number **GMGP.3210.2303**.
