

JIM & KAREN CRUMPACKER

Global Missionaries
At Our Church On

The Crumpackers have been spreading the gospel in Africa since 1982 as AIMers and as missionaries since 1984. They have grown the works in Malawi and Mozambique into mature churches. Jim has served as area coordinator for central Africa and later for both south and central Africa while living in Malawi. In 2003, Global Missions requested that they move to Nairobi, Kenya, where Jim is field superintendent and area coordinator for east Africa, leaving behind their beloved Malawi and returning to where their missionary service began.
