

Global Missions Service

Date: _____

Shane and Dena Hayes Chile

The Hayeses first went to San Andres Islands, Colombia, in 2003 and were appointed as intermediate missionaries in 2004. While in San Andres they pioneered the first UPC church on the island. After establishing a self-supporting congregation, they transferred to the nation of Chile in 2010, where Shane was raised as an MK. In Chile Shane serves as the National Vice President and evangelizes the nation. He also serves as the South American Representative for the Global Association of Theological Studies, traveling to assist the Bible schools on that continent. Dena is active with the national ladies' department, teaching and training pastors' wives.
