

Global Missions Service

Date: _____

Nathan & Halley Hulsman Switzerland

Nathan and Halley both served on the AIM program prior to their marriage in 2011. Halley served in Lithuania and Nathan served in Austria and Switzerland. God opened the door for them to return to the mission field in 2014 and later with the support of their pastor, they moved to Zurich, Switzerland, in 2015 to plant a church and assist with the mission of the German speaking fields.

Their church plant is an officially registered organization in Switzerland. Services are held in a rented room from a Reformed church in downtown Zurich. Both Nathan and Halley are learning German and continue to work to be able to preach and teach Bible studies in German.

God continues to pour out His Spirit in Switzerland. Over the last two years Nathan and Halley have continued to focus on training and planting churches. They have begun working with Trinitarian works and the region has seen at least fifty Trinitarian pastors baptized in Jesus' name and at least one hundred of the saints from the local assemblies baptized and filled with the Holy Ghost. They also helped to open a new preaching point in the city of Basel, Switzerland.
