

# Global Missions Service

Date: \_\_\_\_\_

**Daniel & Monica**

**Rushing**

**South Korea**

Upon their arrival in Korea, the Rushings entered a language study program. After six months in Seoul they moved to Daejeon, a city of two million that does not have a Oneness church. They continued their language study and started one on one language exchanges and Bible studies. They also started helping in the neighboring city at the UPCK church located there. July 29, 2018, Daniel preached his first message in the Korean language at this church. On alternating Sundays they also work with the UPCI church at the US Military Base, Camp Humphreys, presenting the Gospel to the men and women deployed to Korea serving our nation. Because of the friendships fostered from their language exchange and Bible studies, they are on the verge of being able to establish a church in their home city of Daejeon. From this city located in the center of Korea, they plan to train, disciple, and to send forth preachers and teachers to the many unreached cities, towns, and regions of South Korea
