## **Nate and Ingunn Turner** **Christopher and Michael**

Nate and Ingunn arrived in Estonia in 2010 as fully appointed missionaries after serving almost six years on AIM assignments in the Baltic Republics, Russia and Norway. With the help of AIMers and visiting missions teams, they have relaunched the church in Tallinn, Estonia. They taught Bible studies, established home groups and used outdoor community events geared toward

attracting families and Sunday school kids. They also made regular trips three hours east to the Russian-speaking cities and villages near the border with Russia to preach and teach and to establish a monthly Bible school training program in Narva. Returning to the field, they will continue building up the Tallinn church and the Bible school program, while taking steps to expand evangelism into other parts of the nation.
