## John and Susan Beek

### United Kingdom

John and Susan Beek received missionary appointment in 2006. Prior to their first term, they spent five months in Scotland working in the Bible school and pastoring a church in Edinburgh and another in Kemnay. They began extensive training of nationals which brought good results.

During their second term, they have been involved in the work in Scotland and other parts of the U.K. They have seen the local church grow with faithful people and after searching for three years have moved into a facility that can allow more growth. Also in the district, they have been involved with planning for growth and strengthening the brethren. Susan is also the current Ladies Director for the district.
