

# Global Missionary Service

COMING TO OUR CHURCH

# SCHWARZ

Regional Director  
Central America &  
Caribbean Region

David & Yonda

▶ David and Yonda Schwarz received career missionary appointment in 1988 to Costa Rica. David served as director of the Bible school and eventually became president of the national work. Yonda served as the treasurer and director of the ladies on a national level. In January 2012, they were appointed regional director of the Central America/Caribbean Region, lifting their sights from just one country to a region of twenty-eight nations. They work with all the missionaries and national leaders in the Caribbean islands, Mexico and Central America. They are now dedicating themselves to serving the region by being the extended hand needed, the encouragement, a friend in time of need and the voice before Global Missions. They will promote growth by every means available so that revival will continue in the Central America/Caribbean Region of the UPCI.
