**Mark  
Robin**

## *Belarus Baltic Republics*

Mark and Robin Shutes were AIMers in the Soviet Union where they taught Bible studies, won people to God, and saw many miracles of healing. In 1996 they were appointed missionaries to Belarus and eventually became the supervising missionaries to that country. They have started several churches and a Bible college. In 2002 their field was expanded to include to Estonia, Latvia, and Lithuania. In 2005 an AIM team arrived on location, and works were opened in the countries of Latvia and Lithuania. There are 18 churches and preaching points in these three nations. The work in Belarus has 24 churches and preaching points and continues to go strong. The Belarussian church has appointed two families as regional missionaries to Poland and Russia. Brother Shutes serves as Director of Evangelism to the CIS (former Soviet Union).
