- conducting Faith Promise services

Jean was born on August 5. She speaks English and Patois and some Kiswahili. Her ministry involvement includes:

- teaching
- children's ministry
- prayer
- prayer seminars
- altar seminars

Biography

The Groveses were appointed to Sudan/Kenya in 2004 and arrived in Nairobi, Kenya, in January 2009, where they taught in the Bible school. Brother Groves serves on the general and executive boards of the UPC of Kenya. They have been involved in traveling throughout Kenya, training pastors and saints in the principles of leadership,

evangelism and church planting. He also currently serves as the national superintendent of the UPC of South Sudan.

Sister Groves and their three children, Mary-Elizabeth, Patrick Warren Jr. and Joash, have also been very involved in training and promoting children's and puppet ministries among the churches in Kenya. The children established a youth outreach ministry out of the headquarters church in Nairobi, Kenya, before returning to North America to attend Urshan College. As a result, they have been invited to minister in several local high schools, among other things.

The Groveses were involved in successfully registering the newly formed UPC of South Sudan in 2011. We currently have forty-eight churches and over forty-two pastors there. They hope to relocate in the very near future to South Sudan in order to help establish this infant church for the glory of God by planting new churches and training nationals.
