Biography

David and Alice are from New Orleans, Louisiana, and entered into missions on the Associate In Missions program by going to Zambia and Zimbabwe in 1994. During this time, they worked under missionary Melvin Thacker. Their main responsibilities were to

teach in the Bible school and evangelize on the weekends. This resulted in more than 200 receiving the Holy Ghost and ten new churches being started.

The Lord opened the door for them to go to Zimbabwe from 1997 to 1999 and teach in the Bible school and evangelize. They saw many entire congregations (twenty) being baptized and filled with the Holy Ghost.

With the retirement of Mack Carpenter, the Klines moved to Lesotho in June 1999 to help develop the work. Upon their arrival in Lesotho, there were three churches with about 300 people and now there are six churches, four outreaches and more than 1,500 saints filled with the Holy Ghost and baptized in Jesus name! They have begun a national Bible school program and revival is continuing.

In May of 2018 the Klines changed fields to the Leeward Islands in the Central America/Caribbean region. Their goal is equipping, training and sending messengers to share the gospel through teaching and preaching the Acts 2:38 message.
