Biography

Jayson & Nellie Long received missionary appointment to Nicaragua in 2010 after having served for a year and four months on the AIM program. Residing in the capital city of Managua, they have been involved in church planting, evangelism, theological training through the Global Association of Theological Studies and children’s ministry. Jayson coordinates and leads mission teams in solar electrical projects for remote churches, and church construction and development. Nellie is involved in music ministry, is the national Sunday school director for Nicaragua and is the sub-regional Sunday school director for southern Central America. When returning to the field they will continue to focus on evangelism, theological training, the promotion of children’s ministry and involving mission teams in construction and development projects.
