Biography

The Richardsons served as AIMers in Madagascar starting in March, 1994 and then received their missionary appointment in September, 1996. Both grew up as Missionary Kids. Bro. Richardson has spent most of his life in Madagascar first as an MK, then an AIMer and finally a missionary for the past 23 years. Sis. Richardson was with her

parents for four years in Mauritius as an MK. This last term was a very rewarding one as they were able to oversee the opening of two new Bible school campuses to train ministers to reach Madagascar with the Gospel. One campus was built in the South and one in the North. Even though they have much to do in Madagascar working with the national leadership they both also coordinate ministries to benefit the Africa Region as well. Sis. Richardson is the coordinator of a ministry named "Reaching Africa's Children and Youth" focused on helping nations develop good Sunday School and Youth ministries. Bro. Richardson is the coordinator for the Africa branch of Leadership Development International, helping to train national leaders throughout Africa to be more effective leaders in God's kingdom. When they finish deputation, they will return to Madagascar and continue to be involved in whatever way they see is most beneficial to the work there as well as be involved wherever they are needed to help the the Africa Region.
