- Youth
- Sound/Video
- Evangelism

Biography

Bro Walmer was raised on the missionary field in Brazil. After eight years as an Associate In Missions, Bro. Walmer, his wife and their firstborn, Jonathan Michael, returned to the States in 1990 to attend Bible school. He and his wife received their

missionary appointment in October 1992 to northeastern Brazil. He graduated from Christian Life College the following June.

In 1996, the Walmers returned to Brazil and pioneered a new work in Recife on Brazil's northeastern tropical coast. In October 1997, their second child, Christian Lucas, was born. The Lord has given them great revival throughout northeastern Brazil and in just ten short years they saw the work develop to twelve active churches and pastors along with a Bible school completing its seventh year of training.

Following God's leading, Bro. & Sis. Walmer applied for a change of field to Uruguay, South America and completed seven months of service there from January to July 2007. After a period of extended deputation, they returned to the field in 2010. During this term they pastored the headquarters church in Montevideo, directed the leadership training program, held diverse seminars in the country and traveled among the churches, preaching and mentoring the leadership.

In their upcoming term the Walmer's objective is to open new works in the capital city of Montevideo, start a work in the city of Pando and in the prosperous city of Maldonado, grow the headquarters church, improve the Uruguayan Mobile Evangelist program and extend leadership development through the *Global Association of Theological Studies*. The Walmers will also be ministering in different venues in Brazil.
