Biography

Dwayne and Linda Abernathy went to Guatemala from Goodlettsville, Tennessee, in 2009 as AIMers working in many areas of the work under the supervision of missionaries Brad and Regina Thompson and Lynne Jewett. The Lord then called them to the country of Belize, and in the fall of 2011 they received missionary appointment to that country.

While in Belize the Abernathys spent much time and effort working with the Mayan Indian works, opening three new preaching points and overseeing the building and dedicating of two new Mayan churches. Much teaching was done among the Mayans to raise their level of enthusiasm and understanding and to help the ministers come to more maturity in the truth. Also during this time a new English-speaking work was started in the chapel of the Bible school in Belize City.

Upon returning to Belize after deputation, the Abernathys' plan is to see that more English and Spanish-speaking churches are opened in Belize City and a Bible school expansion to include English classes in order to train more ministers for the harvest.
