- Sunday school
  - choir
  - youth activities
-

## **Biography**

Marcus and Renee Brainos are graduates of Texas Bible College, where they met and married. Marcus grew up in France and has had a burden to minister to the people of France since his time at TBC. He taught ExCeLL Bible College classes (an extension of Texas Bible College) for eight years.

As a missionary to France, he has taught in the Bible school, worked on French literature, and participated in all facets of church ministry and outreach. The Brainos family also served as furlough replacement in the Châtellerault, France, church during the Paul Brochus' furlough.

Renee Brainos has been consistently involved with Sunday school ministry, and after attending language school, she is teaching Sunday school in French. Their children, Christopher, Philippe, and Morgan have been active in youth, music, and Sunday school ministries.

The Brainoses were appointed as missionaries to France in March 2004. They look forward to planting a new church upon their return to the field.
