---

## Biography

The Ciullas received their appointment to Belgium in 1985. Arriving in Brussels in 1986, they assumed leadership of the church with a small group in the city of Brussels. There

are now nine churches, nineteen licensed ministers, a Bible school and regular training seminars. In their last term four new churches were started. Sister Ciulla has been involved in music ministry, ladies ministry and counselling ministry, and teaching ladies seminars. When returning to the field they will continue with training programs and starting new churches in Belgium.
