

Adventures in Belize

Revival reports from Dwayne and Linda Abernathy
Missionaries of Global Missions, 36 Research Park Ct, Weldon Spring MO 63304

Greetings from the deputation trail!

We have been extremely blessed by God in our travels and look forward to finishing up and returning to Belize later this year. While we are here, God is using our national leaders and Associate Missionaries Danny and Esther Becerra to continue to grow the work, in spite of the pandemic that the world has been facing. Even with the Covid virus moving through the country there were 68 new souls that repented in May and June in our churches, 72 baptized in Jesus' name and 31 that received the Holy Ghost! Thank God for men and women that have a burden to carry on the work of God!

Meet Danny, Esther, Levi and Luke Becerra. They are from the Modesto, California, area and have been in Belize a year and a half. These are incredible young people and God is using them greatly. They pastor two churches and are working very hard for the Belizean people.

Levi took a fall and broke his arm. He is healing well and being very brave! Please pray for the Becerra family and for the continued work of God in Belize!
