Missionaries to Germany

January

**Heidelberg
2020**

**Same street
12 months
and a
pandemic
apart.**

December

The pandemic has heavily affected our fair city. We normally have around 12 million visitors a year, but as you can see in the picture above, things have changed. Our once busy streets are nearly empty, but so are the hearts of people in our area. However, tragedy has a way of turning people toward God. In short, what the enemy meant for evil, God is using for His good. People are searching for answers and, in spite of the lockdowns, God is connecting us with hungry people. It is exciting to see God drawing people to the truth. There is a great harvest in Germany and, thanks to your support, we are in the field and working!

Online Bible Studies

Due to the lockdown, we have taken our ministry online. We have several Bible studies every week via Zoom. It is not ideal, but the Word of God continues to be preached!

Service in Landstuhl

We were so excited to minister in Landstuhl for Pastor and Sis Negron, our newly appointed AIM'ers to Germany. They are a wonderful couple with a passion for Germany.
