Missionaries to Germany

We're very grateful for the AIM families that have arrived to work with us in Germany. It's no less than a miracle they were able to enter the country with all the COVID restrictions but our God is a waymaker! The Seaton family have stepped in to work with the church in Bonn Germany and are doing a great job. The Townsley family is working with us in Heidelberg to plant a church. We're teaching multiple Bible studies each week and several have been baptized and received the Holy Ghost!

HEIDELBERG: CITY OF BICYCLES

According to a Heidelberg City booklet, we have around 160,000 bicycles in use. Here are several thousand outside our main train station.

GSN Campus Ministry

It was an honor to minister online to the GSN Campus Ministry, led by Sis Sarah Mock. This ministry is doing a great work in schools and universities across our area. God is working!

In Jesus Name!

In spite of the pandemic, God has been opening doors for us reach the lost. We're always excited when people respond to the Gospel!
