Part of the Youth at the camp

Altar call where 30 received the Holy Spirit

The National Youth Camp was held in the beautiful city of Kandy with anointed preaching, worship, singing and praise.

A total of 30 received the baptism of the Holy Spirit. At the Saturday night service when the Spirit of God moved in a mighty way, 42 young people rushed to the altar to answer the call of God in their lives. The future of the work looks truly brighter and we give God thanks for the wonderful way His Spirit moved among the youth at the camp. Besides the evening worship services, the day sessions were very profitable for the young people as they had many of their questions answered.

The entire camp was funded by local funds costing over \$9,000.00. The sacrificial giving of youth and churches enabled us to have this camp, though we came short of \$2300.00. Can somebody please help us bridge this gap by donating whatever possible towards this great and worthy cause. Please send funds to
