# GATS FACULTY DEVELOPMENT FOR GLOBAL HARVEST

We are so thankful for the continued support you provide as we fulfill the missionary calling in Brazil! How exciting to be involved in the Kingdom of God in these last days! We are currently involved in faculty development for our 100+ Bible schools throughout this vast nation.

This year we will have completed a total of 13 faculty development seminars with a total of 15 class hours each. This endeavor has incurred unprecedented expectation in the districts. This is REVIVAL! The UPC of Brazil is on fire to train and equip the future generation of leaders for a Global Harvest! **Thank you for your prayers and sacrifice!**

The last several months we have participated in some large events in Brazil. The **Manna's Crusade** was a tremendous success with well over 26K people in attendance the three nights. We had more than 3000 souls receive the Holy Ghost and a 1000+ miracles. A young girl was carried up for prayer and was instantly healed and we have videos of her walking and skipping in the parking lot! Our God is a healer! **Thank you for your faithful support of Global Missions!**
