

South Korea 3rd Qtr 2019

Dear Partners in Missions and my friends,

Greetings from S. Korea! Praise the Lord!

We had our Annual Adult Camp meeting with many blessings from the Lord. We had our speaker from Global Missions, Brother Scotty Slaydon, who came and preached at our meeting. He did very well, and many received the Holy Ghost and several people were baptized during the camp meeting.

Four of our Bible School students graduated on June 13th and all of them are ministering in their local church. I praise the Lord for them.

We have a young man who will start studying in our Bible school. He was a Presbyterian preacher and came to the truth by watching Youth tube preaching on the oneness message by one of our fellow preachers. He started to search and concluded that there is only one God. So, he called, I spoke with him, and he will start our bible school this coming Fall semester. We just baptized him during our camp meeting time.

Our God is so good. There is another young man who is a preacher's son and they are members of the Full Gospel Church in our local area. He decided to study at our Bible School this Fall semester also. At the last days, God will bring People into the truth. Amen!

We also just finished our Youth camp. During the camp meeting, great things happened among our young people. After hearing the word of God, they hugged each other and prayed for each other and also our preachers. In His presence anything can happen!

I surely appreciate those who pray for our Bible School. We will have 12 students this coming semester. 4 of them stopped studying for a while, but they are returning to continue to study. God answered our prayers. There is power in the prayer. Thank you all!

Would you remember to pray for our Nation. The relationship with Japan and North Korea is critical. May God protect us without any war among these nations. I pray that we will not see war at least another 70 years. May God protect the nation of South Korea, Amen!

I am so thankful that I have you all as my partners in Missions. I thank you all for your prayers and your faithful support for the work in S. Korea. Much love, Sister E. J. Kim
