# REVIVAL!

We are thankful for revival in spite of Covid19 restrictions throughout 2020. Even though we could not have any conferences or large meetings in 2020, and even though local churches were limited to having services with only 50-100 in attendance most of the year, with a couple months of no in-church services at all, we still had over 14,900 people filled with the Holy Spirit and over 11,000 baptized in Jesus Name in Madagascar in 2020! So far 2021 has not opened up for us to be able to travel and visit the other islands, yet, in spite of these limitations, we are believing for another year of revival!

## FAMILY NEWS

Congratulations to our son, Jared, upon his graduation from Urshan College, earning his Bachelor of Arts in Christian Ministry.
