Spring and Summer 2017 sees the National Conference and East Asia Apostolic Conference in Taiwan. There is always great preaching and people being born into the Kingdom of God. Something new has been added to the UPC of Taiwan. We (the board members) have voted to have a monthly combined service of all the churches on Taiwan with the National Superintendent preaching. The purpose for this is to bring the churches into closer unity and fellowship.

6 graduates from Taiwan Bible College recognized at National Conference
