## Portugal is Open!

After four and a half months of a national wide lockdown and online services, the churches of IPU Portugal have opened our buildings for presential services once again. Even though our capacity is limited to 50%, everyone is excited to be attending services in person. The Lord blessed the church in the Lisbon area during the lockdown period with growth and we must now require online registration for attendance in our services. Glory to God!

## Bible Studies and Baptisms

Thank the Lord for the faithful men and women of Portugal who have a burden to share the word of God! The brethren of IPU Portugal are passionate about bible studies and as a result, our churches in Portugal have baptized hungry souls this last quarter in the name of Jesus!

## Ministers in Training

What a great honor it is to work side by side with these wonderful men and women as they study and train to pursue ministry! We praise the Lord for all He is doing! He continues to bless the work in the nation of Portugal, and we are excited! We thank each of you from the bottom of our heart for your prayers and your giving has made this all possible. Together we are making a difference!
