Biography

Since 1987, the Sullys have been involved in Global Missions. With the exception of eight years of pastoring in Woodstock, New Brunswick, they have spent the past twenty-eight years ministering in West Africa. Having lived and ministered in Nigeria, Burkina Faso and Togo, they have also helped to pioneer churches in the nations of Niger and Central African Republic.

Upon the completion of their deputation, they will make Dakar, Senegal, their home and will be working to pioneer churches and train laborers in this unevangelized country as well as the unreached nations that surround Senegal.
