

DETEMPLE FAMILY

Armenia & Georgia

PRAY FOR A MIGHTY HARVEST IN GEORGIA & ARMENIA

- Since our last report we have seen 7 people baptized in the precious Name of Jesus!
- A young lady was visiting Tbilisi on vacation from Siberia, she felt drawn to attend church. She found us online and came to service. She was only here for one week, we had bible study with her, prayed with her, and baptized her before she went home. We have a weekly online Bible study with her now.
- Many New Bible studies have begun across the city of Tbilisi. Through this people are growing and beginning to be used in the church to bless the kingdom.
- We now have two preaching points in the nation of Armenia. This is an answer to much prayer!
- We have had several testimonies of miracles within the people of our church extending all the way back to friends and family in other nations. 1 testified of being on a ventilator, they were preparing to turn it off. We began to pray and three days later he went home with his family!

We have been blessed to extend our contract in the basement store front we have been using.

The owner surprised us by offering to rent us a second room so that we can now have a Sunday school room!

This is a huge blessing. Our children have been praying for this every week!

Thank You for Your Prayers & Support!

We are in need of AIM workers in the Republic of Georgia, and in Armenia. Can you hear the Call?

Nations crying out for Jesus. Please consider joining our team in reaching these beautiful people, in these amazing nations.

In February we had our annual ladies retreat. We traveled to the city of Borjomi, we were blessed to have a lot of snow! During our time there, we were ministered to, we prayed over the city, we learned about and prayed over each other, we began to learn about our Spiritual Gifts. Since returning, the ladies have been dedicating themselves to Bible studies, teaching, volunteering wherever they can! We thank God for the growth He is giving us.
