
Spain & Andorra

Driggers Family

Summer 2025

Spain

Summers are busy here in Spain! We are so excited for what God is doing throughout the nation of Spain!

- On Pentecost Sunday, 52 people were baptized and 242 were filled with Holy Ghost for the first time throughout the nation. We are so grateful for the outpouring of the Spirit that was experienced in many of the 100 churches in Spain.
- This year the UPC of Spain hosted its first Pastors' Wives Retreat. It was a wonderful time of fellowship and spiritual renewing. We were blessed by the teaching of Sis. Connie Bernard and the European Regional Director Tanya Harrod.
- We are preparing for our annual GATS seminar next month where faculty from all our 6 Bible School locations and online program will come for a weekend of training to become better educators and to renew our focus in equipping leaders for Apostolic ministry.

Barcelona area women at the first Pastor's Wives Retreat in Spain

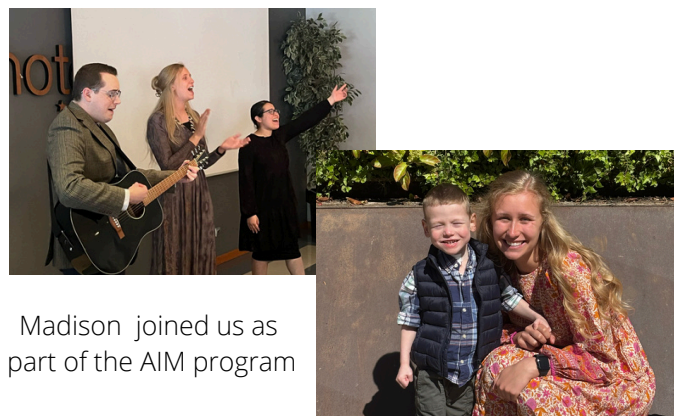

Service in Andorra la Vella

Andorra

Over the last several months we have seen consistent growth in the congregation in Andorra. We have had many repeat visitors and consistent attendance in services and in our online Bible studies. We are grateful for the move of God in our services and for what God is doing. Pray with us for continued growth of the group and for key contacts to be made. Pray also for blessing and direction of the team members that travel with us monthly for services. We believe great things are in store for Andorra.

We are grateful for our first AIMer, Madison! She sacrificed 3 months and was a blessing to the work in Spain, the local church in Barcelona, the church in Andorra, and especially to our family.

Madison joined us as part of the AIM program
