

CALEB AND NAOMI FALLON JAPAN

GLOBAL MISSIONS SERVICE

Caleb and Naomi Fallon both served under the AIM program in Japan in 2012. After returning to Canada and confirming their call to missions and ministry, they married in 2013. They served as youth pastors, assistant pastors, and on the Ontario District Youth Committee, and supported district events. Caleb earned two degrees from the University of Windsor: political science and computer science. Naomi earned an M.Div. in Christian Counselling and is certified as a registered psychotherapist. They both launched businesses, respectively, in counseling and Audio/Video integration. Upon returning to Japan in 2022, Caleb taught weekly devotions, preached in various meetings, and taught at the Bible school, with Naomi teaching Sunday school and supporting local ministries. Caleb also deployed a portable conference A/V solution for the Japanese national church, training volunteers across multiple churches, and has served on the national and regional conference organization team. They were appointed as Intermediate Missionaries in 2026. With the help of the Lord, Caleb and Naomi will plant churches and launch a regional ministry training school in the Osaka metro area, the second largest metropolitan area in Japan.
