

South Korea 4th Qtr 2025

Dear Partners in Missions and my friends,

Greetings from South Korea in the wonderful Name of Jesus!

I pray that each of you is doing well and enjoying good health.

We just finished our fall semester with a closing service last Monday, and it was truly a blessing to conclude the semester with the Lord's favor.

For the first time, our Ladies Ministry began raising funds for our Bible School. I feel strongly that God is preparing to do something special through our Ladies Ministry. Our next project will involve our Youth Department doing the same. When I think about how the UPCI Ladies and Youth Ministries have blessed and strengthened our movement globally, I believe the Lord is ready to greatly bless the work here in the Korean UPC as well.

2025 Fall Opening Service

Two of Bible school

AIMer Malachi Matus

I continue to hold intercessory prayer meetings daily from 9 a.m. to 9 p.m. with 24 of our local church saints, and every Saturday we go out for street evangelism with four of our members. It has been such a blessing. Please pray that during our evangelism, the Lord will lead hungry souls to connect with our church.

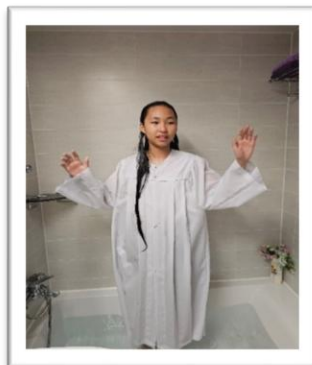

Also, please pray that God will send more students to our Bible School for the next semester.

I am truly thankful to have each of you as my Partners in Missions. Thank you for your FAITHFUL prayers and faithful support for the work in South Korea. May the Lord richly bless you and keep you in His divine care.

Much Love,
Sister E. J. Kim
Missionary to South Korea
