

# LANDAW FAMILY UPDATE

1st Quarter

## PUERTO RICO TRINIDAD & TOBAGO

### MK EDUCATION

Our family has been blessed to have found a great school that our girls have attended for the last two and a half years. Unfortunately the cost of their tuition went up and we are needing to raise additional funds to allow them to attend next year. This will be the last year they can attend before we leave for deputation.

They have made connections within our community, and are receiving a quality education, as well as additional help with Spanish as a second language.

We are needing to raise \$9,000 If you are able to help us with this need you can text:

JLandaw to 71777

### AGUADILLA CHURCH REOPENING

Our church located in Aguadilla, PR, was closed since 2020 due to the death of their Pastor and the deterioration of the building. While it was still closed, a man from that town received the revelation of the oneness of God and reached out to us. He is now evangelizing and bringing many people to the church. We did a lot of work to get the building back in order and have started having services again. We currently do not have a permanent Pastor there, but the young couple helping us have already baptized two. Please pray for revival in Aguadilla.

### TRINIDAD & TOBAGO

In February, I was at our National Prayer camp in Tobago. We have camp that time of year to get away from the Carnival festivities which take over the country. It was a great success; seven were baptized and many attendees received a great refreshing from God.

Rev. Jorge Ortiz was our guest speaker and he did a great job preaching. We had a great time in the Lord.
