GLOBAL MISSIONS SERVICE

Brad and Lycia Schreckhise were appointed missionaries to Honduras in 1996. In Honduras, they served as the National President of the work, started a new church, and directed the nationalization of the church. Brother Schreckhise served as the Area Coordinator for the northern part of Central America. In 2015, they were appointed to the Dominican Republic. They have been involved in Bible school administration, teaching, leadership conferences, training, preaching, and starting a new church. They will continue to be involved in these areas in their next four-year term and hope to see a tremendous harvest of souls and a strengthening of the church's spirituality.
