

Steve and Cheri
SMITH
Guyana

GLOBAL MISSIONS SERVICE

Steve and Cheri Smith received their missionary appointment to Guyana in 2001. Steve has served as the Superintendent of the UPC of Guyana for most of their time on the field. Cheri has served as the Ladies Ministry President for several years. They have both taught in the Bible school, with Brother Smith serving as President of the Apostolic Bible Institute of Guyana. They have also pastored the headquarters church in the capital city of Georgetown for the past 20 years. During their last term, they completed a new Bible School Training Center, saw new churches and preaching points established, and began working on a UPCG campground site, which they hope to see become a reality during their next term. They have witnessed hundreds of souls being water baptized in Jesus' name and hundreds filled with the Holy Ghost. God is moving, and the Smiths are believing for a continued outpouring of the Holy Ghost and a greater harvest of souls.
